Modern Foreign Languages Policy

Introduction

This document deals with the teaching of Modern Foreign Languages in relation to the National Curriculum 2014 Programmes of Study. It has been written after consultation with colleagues throughout the school.

1. Curriculum Statement

1.1. Intent

The 2014 National Curriculum for Modern Foreign Languages aims to ensure that all children:

- *Understand and respond to spoken and written language from a variety of authentic sources.*
- *Are able to speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and that they are continually improving the accuracy of their pronunciation and intonation.*
- *Can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt.*
- *Discover and develop an appreciation of a range of writing in the language studied.*

At Rudston Primary School, we believe that learning a modern foreign language provides a valuable educational, social and cultural experience for our pupils. We want to expand their personal horizons, instil in them a love of learning and to foster inquisitive minds, resilience, self-motivation and respect for all.

At Rudston we are committed to teaching Spanish to every child from Year 2 to Year 6. By learning another language, we give our children a new perspective on the world, encourage them to understand their own cultures, their own languages, and that of others.

Children leave Rudston, with confidence in sharing their Spanish skills, as well as understanding and respect for the Spanish culture, lifestyle and custom. At Rudston we believe that through our Spanish curriculum we prepare our children for the next steps in their education and for the future beyond.

1.2. Implementation

We do the following in order to deliver our curriculum in MFL:

From Year 2 onwards, we follow a set scheme of work, planned for, resourced and delivered by SIL.

- Years 2 - 6 receive one 30 minute session per week with Maria, our FLT

Each session consists of songs, vocabulary games, speaking and listening tasks and some writing.

Modern Foreign Languages Policy

Lessons are designed to build upon previous knowledge from unit to unit, as well as year group to year group. This allows children to leave Rudston with a great basic understanding of Spanish and the confidence to use it.

Teachers are provided with detailed plans and resources that are used within lessons. These are then used to revisit learning as much as possible between Spanish sessions.

Each Spanish unit is ended with an assessment, carried out by the FLT, that allows all children to display understanding of vocabulary and speaking and listening skills. These judgements are then shared with the class teacher who will discuss why particular judgements have been made.

1.3. Impact

Our MFL curriculum ensures that children develop their knowledge of where different languages, including the range of home languages spoken by the families of the school, as well as Spanish, are spoken in the world.

Topics are revisited each year with an added skill or challenge. This ensures that each topic is revisited regularly to embed each learning objective. The lesson structure each week also allows time to revisit the previous week's knowledge and build upon this

Throughout their topic, children will be provided with opportunities to prove their knowledge and skills both in written and verbal forms. The children's abilities are expertly assessed by our Spanish teacher, Maria on a termly basis. Alongside the MFL team from School Improvement Liverpool, subject and school leaders monitor the impact of our curriculum provision through completing regular monitoring, including pupil voice.

3. Differentiation and Equal Opportunities

In line with our school's SEND & Inclusion Policy, all pupils irrespective of race, gender and disability, should be allowed to achieve the level of success and self-esteem they deserve. Equal opportunity will be reflected in tasks, outcomes and grouping situations, allowing each child to progress at his / her own level.

4. Assessment

Assessment opportunities will monitor progress, measure attainment and to inform future planning. Each Spanish unit is ended with an assessment, carried out by the FLT, this allows all children to display understanding of vocabulary and speaking and listening skills. These judgements are then shared with the class teacher who will discuss why particular judgements have been made.
