## Coastlines

### I already know ..

A continent is a land mass and an ocean is a large body of water.

There are seven continents.

Physical features are characteristics of a place that are naturally occurring.

### Sticky Knowledge

I can name and locate the continents and oceans.

### Key Vocabulary

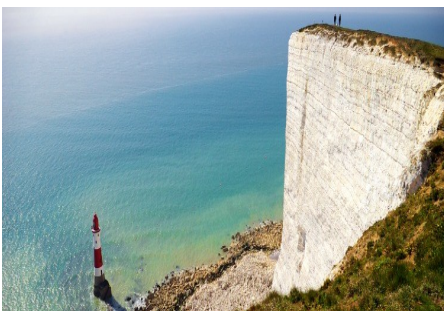

sea	ocean	coast
harbour	cliff	beach
river	port	continent

### Interesting facts ...

In the UK no one lives more than 80 miles (130 km) from the seashore.

- The UK coastline is one of the longest in Europe.

- The coastline is constantly changing : even the gentlest of ripples constantly reshape coastlines.

### I am a GEOGRAPHER because...

- I can use maps, atlases and globes to name and locate the world's 7 continents and 5 oceans.
- I can use world maps to identify countries, continents and oceans.
- I can understand and use geographical vocabulary, such as: sea, ocean and coast.
- I can ask geographical questions; Where is it? What's it like?
- I can make simple comparisons between features of different places.
